## David Stewart

David Stewart from Powderly, Texas was awarded exhibitor today for day two of the Pinto World Championship.

David's Family has been showing at the PtHA world show since the late 1990's when his daughter wanted to compete. David got his first miniature in 2003 and has loved it ever since. David mentioned his favorite class is Mini Trail in Hand, despite the challenges.

Outside of the show ring, David is a GI Doctor and has been in Paris, Texas for 40 years. He also enjoys being a HAM Radio operator in his free time.

David's miniature, Red Carpet Glitz and Glamour, is known as Gemma when she's in the barn and enjoys carrots as her favorite treat.

When asked about his future plans, David said he wants to focus on getting better at the miniature classes and involving his grandkids in the Horse Show World. "If you want to be good, you start young," he said.

As far as his biggest motivator in the ring, David said the different mindset between show life and his everyday life keeps him going. His proudest achievement at the World Championship, is being the High Point Amateur of 2017.

### Congratulations David!

Each day at the Pinto World Show an exhibitor will be selected to be featured on the official PtHA Facebook page. Each winner receives a \$200 Boot Barn gift card.
